(a)
Lipids and lipid−like molecules
(b)
Fatty acids and conjugates
(c)
Steroids and steroid derivatives
(d)
Prenol lipids
(e)
Sesquiterpenoids
(f)
Lignans, neolignans and related compound
(g)
Lactones
(h)
Phenylpropanoids and polyketides
(i)
Cinnamic acids
(j)
Stilbenes
(k)
Methoxyphenols
(l)
Flavonoids
(m)
Flavones
(n)
Flavans
(o)
Flavonoid glycosides
(p)
Anthocyanins
(q)
Carbohydrates and carbohydrate conjugate
(r)
Monosaccharides
(s)
Disaccharides
(t)
Glycosyl compounds
(u)
Alkaloids and derivatives
(v)
Amino acids
(w)
Peptides
(x)
Nucleosides, nucleotides, and analogues
Chemical richness
Seasons
summer
autumn
winter
spring
