

Supplementary Information

Figure S1. Effect of ascophyllan in apoptosis and migration of DCs in peripheral tissue. Ascophyllan was injected into mice described in Figure 4. **(A)** Apoptotic cells were measured in spleen; **(B)** Percentage of lineage⁻CD11c⁺ DCs in mesenteric lymph node (mLN), lung and liver were analyzed by flow cytometry; **(C)** Absolute numbers of tissue DCs are shown. Data are representative of six samples from two independent experiments.
