

## Supplementary materials

Supplementary Figure 2. TEM: (A) Electron microscope photomicrograph showing nuclei of the astrocyte, oligodendrocyte and neuron, original magnification  $\times 50000$ , (B) Immunogold staining, oligodendrocyte, original magnification  $\times 20000$ , (C) Immunogold staining, oligodendrocyte, original magnification  $\times 20000$ . Figures (B) and (C): arrows show small gold particles (practically non-visible in this magnification) in the oligodendrocytes nuclei.
