

## Supplementary material

Table S1: The list of fern species and reference vegetables whose fiddleheads/young leaves were analysed, and source of plant material collection.

| Species                                       | Family                  | Source of plant material                             |
|---|-------------------------|--|
| <sup>H</sup> <i>Asplenium scolopendrium</i>   | <i>Aspleniaceae</i>     | Garden centre Krulich                                |
| <i>Athyrium distentifolium</i>                | <i>Athyriaceae</i>      | Fern collection garden in Telč                       |
| <sup>H</sup> <i>Athyrium filix-femina</i>     | <i>Athyriaceae</i>      | Garden centre Krulich                                |
| <sup>W</sup> <i>Pteridium aquilinum</i>       | <i>Dennstaedtiaceae</i> | Wild collection (49°16'13.325 N; 15°22'46.346 E)     |
| <i>Dryopteris aemula</i>                      | <i>Dryopteridaceae</i>  | Fern collection garden in Telč                       |
| <i>Dryopteris affinis</i>                     | <i>Dryopteridaceae</i>  | Fern collection garden in Telč                       |
| <i>Dryopteris borreri</i>                     | <i>Dryopteridaceae</i>  | Fern collection garden in Telč                       |
| <i>Dryopteris cambrensis</i>                  | <i>Dryopteridaceae</i>  | Fern collection garden in Telč                       |
| <i>Dryopteris carthusiana</i>                 | <i>Dryopteridaceae</i>  | Botanical garden of the Charles University in Prague |
| <i>Dryopteris caucasica</i>                   | <i>Dryopteridaceae</i>  | Fern collection garden in Telč                       |
| <sup>H</sup> <i>Dryopteris dilatata</i>       | <i>Dryopteridaceae</i>  | Garden centre Franc                                  |
| <i>Dryopteris expansa</i>                     | <i>Dryopteridaceae</i>  | Fern collection garden in Telč                       |
| <sup>H</sup> <i>Dryopteris filix-mas</i>      | <i>Dryopteridaceae</i>  | Garden centre Krulich                                |
| <i>Dryopteris oreades</i>                     | <i>Dryopteridaceae</i>  | Fern collection garden in Telč                       |
| <i>Dryopteris remota</i>                      | <i>Dryopteridaceae</i>  | Fern collection garden in Telč                       |
| <sup>H</sup> <i>Polystichum aculeatum</i>     | <i>Dryopteridaceae</i>  | Garden centre Franc                                  |
| <i>Polystichum aculeatum</i>                  | <i>Dryopteridaceae</i>  | Botanical garden of the Charles University in Prague |
| <i>Polystichum setiferum</i>                  | <i>Dryopteridaceae</i>  | Fern collection garden in Telč                       |
| <sup>H</sup> <i>Matteuccia struthiopteris</i> | <i>Onocleaceae</i>      | Garden centre Krulich                                |
| <i>Onoclea sensibilis</i>                     | <i>Onocleaceae</i>      | Botanical garden of the Charles University in Prague |
| <sup>H</sup> <i>Osmunda regalis</i>           | <i>Osmundaceae</i>      | Garden centre Franc                                  |
| <i>Osmunda regalis</i>                        | <i>Osmundaceae</i>      | Botanical garden of the Charles University in Prague |
| <sup>H</sup> <i>Polypodium vulgare</i>        | <i>Polypodiaceae</i>    | Garden centre Franc                                  |
| <i>Polypodium vulgare</i>                     | <i>Polypodiaceae</i>    | Botanical garden of the Charles University in Prague |
| <i>Lastrea limbosperma</i>                    | <i>Thelypteridaceae</i> | Fern collection garden in Telč                       |
| <sup>W</sup> <i>Lastrea limbosperma</i>       | <i>Thelypteridaceae</i> | Wild collection (49°13'14.214"N, 15°33'50.667"E)     |
| <i>Phegopteris connectilis</i>                | <i>Thelypteridaceae</i> | Botanical garden of the Charles University in Prague |
| <i>Thelypteris palustris</i>                  | <i>Thelypteridaceae</i> | Botanical garden of the Charles University in Prague |
| <i>Eruca sativa</i>                           | <i>Brassicaceae</i>     | seedling, SEMO a.s. (Smržice, CZ)                    |
| <i>Spinacia oleracea</i>                      | <i>Amaranthaceae</i>    | seedling, Seva Moravia s.r.o. (Valtice, CZ)          |

<sup>H</sup> = marks horticultural species from garden centres Krulich (Jakub Krulich, Prague, Czech Republic) and Franc (FRANC, Kamenné Žehrovice, Czech Republic) and were cultivated in pots; <sup>W</sup> = marks species collected in the wild, coordinates of the locality are stated in brackets; unmarked fern species were collected in private fern collection garden of RNDr. Libor Ekrt, Ph.D. in Telč (Czech Republic, coordinates: 49°11'19.385"N, 15°27'11.701"E), or in the Botanical Garden Charles University of Prague (Czech Republic, coordinates: 50°4'14.988"N, 14°25'14.621"E).

Table S2: The content of minor xanthophylls in fern fiddleheads analysed by HPLC.

| Species                                       | Neoxanthin<br>( $\mu\text{g}\cdot\text{g}^{-1}$ DW) | Violaxanthin<br>( $\mu\text{g}\cdot\text{g}^{-1}$ DW) | Antheraxanthin<br>( $\mu\text{g}\cdot\text{g}^{-1}$ DW) | Zeaxanthin<br>( $\mu\text{g}\cdot\text{g}^{-1}$ DW) |              |
|---|---|---|---|---|--------------|
| <sup>h</sup> <i>Asplenium scolopendrium</i>   | 47.01 ± 3.37  | 27.19 ± 1.20  | 10.18 ± 0.70  | 4.28 ± 0.41   | >1.5M        |
