

**Under water attachment of the water-lily leaf beetle *Galerucella nymphaeae*
(Coleoptera, Chrysomelidae)**

Constanze Grohmann, Anna-Lisa Cohrs and Stanislav N. Gorb

Supplementary materials

Table S1: Period of time until *G. nymphaeae* detaches from the horizontal leaf under water or ascends to the top of the inclined leaf under water.

Period of time until detachment (min:sec)		Period of time until ascend (min:sec)	
Running beetles	Beetles standing still	Running beetles	Beetles standing still
