

Journal: Fishes, Special Issue: Effect of Climate Change on Salmonid Fishes in Rivers

Supplement S2: *Complete list of literature used in the quantification of categories and the labels assigned to each citation*

Supporting information for:

A comprehensive review of the impacts of climate change on salmon: strengths and weaknesses of the literature by life stage

Lisa G. Crozier¹ and J. E. Siegel²

1. Northwest Fisheries Science Center, NOAA Fisheries
2. Ocean Associates, Inc. Under contract to NWFSC. Current address: PACE Engineers, Inc. 3501 Colby Ave Suite 101, Everett, WA 98201

Key words: anadromous fish; ecological responses to climate change; future projections; global change; ocean; freshwater

Supplement S2 CONTENTS

Labels assigned to each citation included in the review.....	2
Literature Cited.....	161
