Supplementary Table S2. Disease index for *Ralstonia* infected pepper plants

score	Condition level
0	Capsicum plants are normal and asymptomatic at 0.
1	Plants with slight withering, the basal 1-2 leaves withered, the top of pepper plant is normal.
2	Leaves in addition to the top leaves, 1: 2 leaves withered, the top of pepper plant is normal.
3	2/3 of the leaves of pepper plant withered while top pepper plant is normal.
4	Most of the leaves were withered including the top leaves
5	Whole plant was withered or dead.
