Molecular Medicine, Norwegian
University of Science and
Technology (NTNU), 7028
Trondheim, Norway

Dr. Valentyn Oksenysh

Deadline for manuscript
submissions:

closed (26 July 2020)

Message from the Guest Editors

Dear Colleagues,

Lesions are generated continuously in our cellular DNA by external and internal factors. The DNA damage response (DDR) detects and repairs the lesions. Failures in DDR results in developmental disorders, innate and adaptive immune responses, cancer, and ageing. We thus invite the submission of original research manuscripts and review articles that cover any aspects of DDR and related topics.

I am looking forward for your contribution.

Dr. Denis Kainov

Dr. Valentyn Oksenysh

Message from the Editorial Board

Biomolecules is a multidisciplinary open-access journal that reports on all aspects of research related to biogenic substances, from small molecules to complex polymers. We invite manuscripts of high scientific quality that pertain to the diverse aspects relevant to organic molecules, irrespective of the biological question or methodology. We aim for a competent, fair peer review and rapid publication. Please look at some of the exciting work that has been published in *Biomolecules* so far. We would be delighted to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Biochemistry*)
