

an Open Access Journal by MDPI

Women in Biosensors

Guest Editor:

Prof. Dr. Cecilia Cristea

Department of Analytical
Chemistry, Faculty of Pharmacy,
Iuliu Hatieganu University of
Medicine and Pharmacy, 4
Pasteur Street, 400349 Cluj-
Napoca, Romania

Deadline for manuscript
submissions:

closed (30 November 2022)

Message from the Guest Editor

Dear Colleagues,

Biosensors received its first Impact Factor (2019) in the recent release of the Journal Citation Reports®. The Impact Factor for *Biosensors* is 3.240. At the same time, this year, 2020, is *Biosensors*' 10th anniversary. Since its launch in 2011, *Biosensors* has received important support and excellent contributions from women scientists. They have served as our Editorial Board members, Guest Editors, authors, reviewers.

To celebrate and highlight the achievements of women in the biosensors research area, a Special Issue entitled "Women in Biosensors" is being launched, which will present biosensors-related work from leading women scientists. We hope that this Special Issue can further encourage and promote the scientific contributions of women researchers in this field.

This Special Issue welcomes both research and review papers on the most recent and innovative developments of biosensors for applications in the food, health, security, defense, and environmental fields. To be considered for this Special Issue, the corresponding author should be a woman scientist.

Special Issue

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Giovanna Marrazza

Department of Chemistry “Ugo Schiff”, University of Florence, Via della Lastruccia 3, 50019 Sesto Fiorentino, Italy

Message from the Editor-in-Chief

Biosensors is a leading journal, devoted to fast publication of the latest achievements, technological developments and scientific research in the exciting multidisciplinary area of biosensors. Both experimental and theoretical papers are published, including all aspects of biosensor design, technology, proof of concept and application. Special issues are devoted to specific technologies and applications, and a selection of the most outstanding papers each year is recognized. Pushing the boundaries of the discipline, we invite original papers, as well as timely reviews on cutting edge fields within the subject area.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, CAPus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q1 (*Chemistry, Analytical*) / CiteScore - Q1 (*Engineering (miscellaneous)*)
