

crystals

Dear Colleagues,

On behalf of the Evaluation Committee, we are pleased to announce the winner of the **2018 Crystals Travel Awards**. It has been granted to: Dr. Wenhao Sun, a postdoctoral researcher at the **Lawrence Berkeley National Laboratory**, Berkeley, USA. His work involves developing new thermodynamic frameworks and density functional theory (DFT)-based tools to investigate solid-aqueous phase equilibria at the nanoscale, competitive nucleation, and constrained equilibria.

Prof. Dr. Helmut Cölfen
Editor-in-Chief

2018 TRAVEL AWARDS WINNER

Crystals (ISSN 2073-4352) is an international open access journal of pediatrics published quarterly online by MDPI.

The award consisted of **800 Swiss Francs**, to attend an academic conference of their choice in 2018.

We would like to thank all the applicants for submitting their diverse and fascinating range of research topics.
