Translational Research on Muscle and Mobility Medicine

Guest Editors:

Prof. Dr. Usha Sinha

Prof. Dr. Ugo Carraro

Prof. Dr. Hans Hoppeler

Prof. Dr. Shantanu Sinha

Message from the Guest Editors

Diagnostics and managements of genetic and acquired skeletal muscle disorders are usually treated separately by specialists who seldom interact. It is the ambitious plan of the *Diagnostics* Special Issue: **"Translational Research on Muscle and Mobility Medicine (TRM3)"** to attract the best potential contributions from disciplines spanning a wide array of topics, from human genetic and acquired myopathies to veterinary mobility disorders.

Deadline for manuscript
submissions:
