### Message from the Guest Editors

Dear Colleagues,

International Eurasian Ornithology Congress (IEOC 2018) will be held, 23–27 April, 2018, in Heidelberg, Germany, and selected papers will be published in this Special Issue. The aim of the conference is to bring together ornithologists and birders in general, to create a platform for knowledge exchange and to discuss the problems and their solutions. This congress welcomes everybody who cares about nature, particularly avifauna and bird evolution. All subjects related to birds will be dealt in congress sessions.

We believe that the Special Issue can provide a broad overview on the research of birds and we are looking forward to the contributions from IEOC 2018.
