Deadline for manuscript  
submissions:

**closed (30 June 2020)**

### Message from the Guest Editor

I recently accepted an invitation to serve as the Guest Editor for a Special Issue of the journal Diversity on the subject of "Historical and Current Diversity Patterns of Mediterranean Marine Species". I am writing to draw this issue to the attention of yourself and other potential contributors, in case you would like to submit a manuscript for inclusion.

In this issue, biodiversity in the Mediterranean Sea is described at a synchronic or diachronic level, highlighting the past two centuries for which museum collections can provide overlooked information.

For more information about the Special Issue, please see:  
[https://www.mdpi.com/journal/diversity/special\\_issues/marine\\_mediterranean\\_species](https://www.mdpi.com/journal/diversity/special_issues/marine_mediterranean_species)

Diversity (ISSN 1424-2818, Impact Factor 2.047) is a fully open access journal, unlimited and free access by readers, which increases publicity and promotes more frequent citations, as indicated by several studies.

Any questions, please feel free to contact Diversity office ([diversity@mdpi.com](mailto:diversity@mdpi.com)).

## Message from the Editor-in-Chief

*Diversity* (ISSN 1424-2818) is a scholarly journal that covers all areas of diversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, biodiversity, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubAg, GEOBASE, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Biodiversity Conservation*) / CiteScore - Q2 (*Agricultural and Biological Sciences (miscellaneous)*)
