Message from the Guest Editor

We are happy to announce the Special Issue “Feature Papers of Ecologies 2023”. *Ecologies* is an international, peer-reviewed, open access, cross-disciplinary journal, which provides an advanced forum for studies on all aspects of ecology.

We welcome manuscripts from all fields of ecology that can be considered of interest for international readers. Both original research articles and comprehensive review papers are welcome.

The potential topics include, but are not limited to:

- plant ecology
- benthic ecology
- desert ecology
- forest ecology
- marine ecology
- aquatic ecology
- soil ecology
- climate change ecology
- macroecology
- microbial ecology
- ecosystem ecology
- climate change

We look forward to receiving your contributions.
