Deadline for manuscript submissions:

closed (10 May 2019)

Message from the Guest Editors

Dear Colleagues,

The 11th Mediterranean Conference on Power Generation, Transmission, Distribution and Energy Conversion, held in Dubrovnik, in 2018, provided a platform for professional power engineers, technicians, researchers, scholars, computer scientists, and other industry specialists, where state-of-the-art developments in academia and industry were discussed, creating opportunities for networking and collaboration through a series of presentations, talks, discussions, and special sessions.

MEDPOWER 2018 focused on all aspects of power system operation, integration of ICT and energy systems, as well as addressed challenges in energy markets, regulation, and power system management.

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Engineering (miscellaneous)*)
