### Message from the Guest Editors

Dear Colleagues,

A special issue of the open access journal *Energies* is planned on gas hydrate research. A discounted Article Processing Charge will be offered to all participants of past International Workshops on Methane Hydrate Research and Development, including Fiery Ice 2016.

Authors are invited to submit manuscripts for peer review on a broad range of topics related to gas hydrates including (but not limited to):

- resource assessment;
- policy;
- exploration;
- reservoir modeling;
- production modeling;
- environmental studies;
- fundamental laboratory investigations; and
- hydrate thermodynamics and kinetics.

## Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (*Engineering (miscellaneous)*)
