Theodossiou**

Division of Hydraulics and  
Environmental Engineering,  
Department of Civil Engineering,  
Aristotle University of  
Thessaloniki, 54124 Thessaloniki,  
Greece

Deadline for manuscript  
submissions:

**closed (31 August 2023)**

### Message from the Guest Editor

Dear Colleagues,

This Special Issue, entitled “A New Water-Energy Nexus: The Transition to Sustainable Energy II”, focuses on this very interesting and promising prospect of exploiting the energy of water in a sustainable way with respect to the water-energy nexus. We seek papers presenting new research proposals or the development and improvement of existing ones, including innovative case study applications. The topics of interest may include but are not limited to the following:

- clean energy
- hydropower
- renewable energy sources
- water resource management
- sustainable development

Prof. Dr. Nikolaos P. Theodossiou

Department of Mechanical and  
Aerospace Engineering,  
University of Roma Sapienza, Via  
Eudossiana 18, 00184 Roma, Italy

## Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** CiteScore - Q1 (*Engineering (miscellaneous)*)
