Electrical Power System Dynamics: Stability and Control

Guest Editors:

Dr. Ziad M. Ali

Dr. Omar Abdel-Rahim

Dr. Shady H. E. Abdel Aleem

Deadline for manuscript
submissions:

closed (31 March 2023)

Message from the Guest Editors

In this Special Issue, we are calling for original contributions that cover the emerging challenges in power system dynamics, operation, and control, including renewable energy systems, the integration of power electronics with renewable energy systems, and smart grids, all technologies and applications in modern power systems. It is our pleasure to provide a platform to bring together university scientists, researchers, and leading scientists to share their thoughts, ideas, experiences, and research results on all aspects of intelligent networks.

Aerospace Engineering,
University of Roma Sapienza, Via
Eudossiana 18, 00184 Roma, Italy

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Engineering (miscellaneous)*)
