Message from the Guest Editors

Dear colleagues,

We are pleased to call for papers for a Special Issue on "Uncertainties and Risk Management in Competitive Energy Markets". This Special Issue is dedicated to all areas of energy markets, including electricity, heat, cooling, and mobility.

The main topics of interest for this Special Issue include but are not limited to:

- Risk measurement and management for energy systems;
- Energy forecasting and modeling;
- Energy innovations and energy markets;
- Energy policies and economic impact;
- Fluctuation of renewables and load flows;
- Energy data and digitization;
- Stochastic processes in energy;
- Financing energy infrastructure;
- Regulation and regulatory risk;
- Valuation of physical assets.

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.
Journal Rank: CiteScore - Q1 (*Engineering (miscellaneous)*)
