Engineering, Department of
Engineering and Technology,
University of Huddersfield,
Queensgate, Huddersfield HD1
3DH, UK

Message from the Collection Editors

Dear Colleagues,

This Collection "Feature Papers on Wind, Wave and Tidal Energy" is open for submission now. We invite submissions that address research and development in fields including, but not limited to, the following:

- Wind, wave and tidal energy converters;
- Experimental and computational investigations of wind, wave and tidal energy technologies
- Site and energy yield assessments;
- Health monitoring and lifetime assessment for wind, wave and tidal energy assets;
- Signal and image processing for wind, wave and tidal energy assets;
- Fault diagnosis, prognosis and root cause analysis for wind, wave and tidal energy assets for stationary and non-stationary operations;
- Modelling and finite element analysis for fault diagnosis, prognosis and root cause analysis for wind, wave and tidal energy assets;
- Economic aspects;
- Social acceptance;
- Grid and system integration;
- Usage of data driven approaches for wind, wave and tidal energy assessments.

Eudossiana 18, 00184 Roma, Italy

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Engineering (miscellaneous)*)
