## Advances in Nutrition and Feeding of Fish

Guest Editors:

**Dr. Shan He**

Key Laboratory of Freshwater  
Animal Breeding, Wuhan, China

**Dr. Songlin Li**

College of Fisheries and Life  
Science, Shanghai Ocean  
University, Shanghai 201306,  
China

Deadline for manuscript  
submissions:

**closed (15 July 2022)**

### Message from the Guest Editors

Dear Colleagues,

The appropriate choice and intake of food and nutrients have a great beneficial impact on the health, growth, reproduction, and lifespan of fish. Different species of fish have different feeding habits, and also require precision nutritional levels in the different physiological phases. Feeding is a complex behavior regulated by neural and nutritional signals. This Special Issue is to provide an updated vision on the new feed additives and precision feed formula, the new regulatory mechanism of food intake, metabolism and physiology in fish. We welcome the submission of original research, reviews, mini-reviews, and perspective articles on topics including but not limited to the following:

- New feed additives which could play roles in feeding and nutrition;
- Precision nutritional requirements, fish physiology and formula of fish;
- New signaling pathways or new regulatory patterns of food intake and metabolism, such as transcriptional regulation and epigenetic modification.

## Editor-in-Chief

**Prof. Dr. Maria Angeles Esteban**

Department of Cell Biology and Histology, Faculty of Biology, University of Murcia, 30100 Murcia, Spain

## Message from the Editor-in-Chief

*Fishes* is a multidisciplinary open access journal focusing on reports of original research and critical reviews and synthesis from the broad area of fishes and aquatic animals. The ultimate objective of *Fishes* is to facilitate the discovery of connections between research areas, advancing science and filling knowledge gaps, and providing solutions for all present and future issues encountered in the sector of fisheries and aquaculture. As Editor-in-Chief, I encourage you to consider *Fishes* for your scientific papers and would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubAg](#), [FSTA](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (*Marine & Freshwater Biology*)
