Dear Colleagues,

As Editor-in-Chief of *Forests*, I am pleased to announce the 2021 Outstanding Reviewer Awards of *Forests*. Careful and timely peer reviews are the foundation of all successful journals. We are pleased to be able to recognize a few outstanding reviewers and offer them a nominal cash award for their exemplary service to *Forests* and, in turn, to the broader scientific community.

Four reviewers have been selected on the basis of the timeliness, quality, and speed of their review reports. They are:

- Prof. Dr. Miguel Girona, Institut de Recherche sur les Forêts, Université du Québec en Abitibi-Témiscamingue, Campus of Amos, Amos, Canada.
- Dr. Vasiliki Kamperidou, Faculty of Forestry and Natural Environment, Aristotle University of Thessaloniki, Thessaloniki, Greece.
- Dr. Maurizio Marchi, CNR Institute of Biosciences and BioResources (IBBR) Florence division, Italy.
- Dr. Maricar Aguilos, Department of Forestry and Environmental Resources, North Carolina State University, Raleigh, USA.

Each of them will receive the following:

We thank them for their efforts in the review process. In addition, we would like to express our sincere gratitude to all the reviewers for their time and dedication in 2020.
