Message from the Guest Editors

Dear Colleagues,

Soil and groundwater contamination by heavy metals and organic pollutants has been a topic of significant concern for human health and environmental quality. Therefore, it is imperative to develop and deploy innovative and specific remediation strategies for efficient clean-up of contaminations in soil and groundwater, ensuring soil and groundwater safety at technical and institutional levels.

An exciting new Special Issue entitled “State-of-the-Art Research of Soil and Groundwater Remediation” in the International Journal of Environmental Research and Public Health, a journal published by MDPI, is open for submissions, and we would like to invite you to contribute to it. The Special Issue accepts research on new remediation methods, especially physical, chemical, biological, and combined remediation methods, and how these impact the environment of soil and groundwater. We would be delighted if you would accept our invitation to submit a research or review article to this Special Issue.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

Addressing the environmental and public health challenges requires engagement and collaboration among clinicians and public health researchers. Discovery and advances in this research field play a critical role in providing a scientific basis for decision-making toward control and prevention of human diseases, especially the illnesses that are induced from environmental exposure to health hazards. *IJERPH* provides a forum for discussion of discoveries and knowledge in these multidisciplinary fields. Please consider publishing your research in this high quality, peer-reviewed, open access journal.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, PubMed, MEDLINE, PMC, Embase, GEOBASE, CAPlus / SciFinder, and other databases.

Journal Rank: CiteScore - Q1 (*Public Health, Environmental and Occupational Health*)
