

International Journal of
Geo-Information

Dear colleagues,

We have been receiving increasing interest from authors to submit their papers as cover stories in *ISPRS International Journal of Geo-Information*. As such, there will be 24 cover stories in 2021 and 2022. Many cover stories thus far have reported important research results or innovative methods with impressive images. To reward those authors who have published important research results in *IJGI*, we are announcing the *IJGI* 2021–2022 Best Cover Awards.

2021-2022 BEST COVER AWARDS

Three cover stories will be chosen from the 2021 and 2022 cover stories and each will receive CHF 100. The criteria that will be considered for selection are as follows:

- Importance or innovation of the research;
- Impressive cover image.

We will randomly select 5 participants who vote to show our appreciation of your votes. The 5 selected participants will each receive a CHF 50 voucher. The vote will be open from 15 January 2023 to 15 February 2023.

You are welcome to vote here (we will add a link here).

The winners will be announced on the journal website based on the voting results by the end of March 2023.
