Deadline for manuscript
submissions:

closed (30 April 2020)

Message from the Guest Editors

We invite original research contributions on geographic information extraction, retrieval, and related applications, including (but not limited to):

1. Corpus collection, preparation, and annotation

- a. Identification and annotation of resources
- b. Construction, modeling, and the use of ontologies, gazetteers, and thesauri for geographic information extraction and retrieval
- c. Data models and representation schema for spatial and spatiotemporal (unstructured/semistructured) data
- d. Corpus linguistics methods for geographical text analysis

2. Geographic information extraction, indexing, and retrieval

- a. Analysis of geospatial language and geospatial semantics
- b. Geoparsing and geocoding unstructured contents
- c. Spatio-textual data indexing and ranked retrieval methods
- d. User interfaces for geographic information extraction and retrieval

3. Applications for geographic information extraction and retrieval

- a. Industrial applications
- b. Research applications
- c. Gold standards and in-domain evaluation

an Open Access Journal by MDPI

Editor-in-Chief

Prof. Dr. Wolfgang Kainz

Cartography and Geographic Information Science, Department of Geography and Regional Research, University of Vienna, Universitätsstr. 7, A-1010 Vienna, Austria

Message from the Editor-in-Chief

The *ISPRS International Journal of Geo-Information* invites you to submit research articles, reviews, and reports covering topics of the whole domain of geo-information. Although the journal was only founded in 2012, it has already achieved wide recognition in the scientific community. We are proud that since April 2015, our journal is indexed by the SCIE of the Web of Science. As Editor-in-Chief, I encourage you to consider *IJGI* for your scientific papers and would be pleased to welcome you as authors.

Author Benefits

Open Access:— free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), GeoRef, AGRICOLA, dblp, Astrophysics Data System, Inspec, and many other databases.

Journal Rank: JCR - Q2 (*Geography, Physical*) / CiteScore - Q1 (*Geography, Planning and Development*)
