

Genetic and Molecular Susceptibility in Human Diseases: 2nd Edition

Guest Editor:

Prof. Dr. Roberto Madeddu

Department of Biomedical
Sciences, University of Sassari,
Sassari, Italy

Deadline for manuscript
submissions:

20 July 2024

Message from the Guest Editor

Dear Colleagues,

Genetic susceptibility refers to the tendency of different populations and individuals to be susceptible to polygenic diseases, such as tumors, under the influence of the external environment, and due to the presence of different genetic structures. Some environmental factors and personal living habits can affect tumor development. All environmental factors that alter cell cycle gene expression, apoptosis, and DNA damage repair are tumor-induced risk factors, including food, natural and artificial radiation, chemicals, and viruses.

This journal welcomes the publication of all findings pertaining to molecular susceptibility in human disease. Pure clinical studies are not within the scope of this Special Issue; however, clinical submissions with biomolecular experiments are welcome.

Dr. Roberto Madeddu

Guest Editor

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
