GABAergic Physiology in Neurological Disorders

Guest Editor:

Message from the Guest Editor

Dr. Ciria C. Hernandez

Life Sciences Institute, University of Michigan, Ann Arbor, MI 48109, USA

Deadline for manuscript submissions: closed (31 March 2022) Dear Colleagues,

In this era, our knowledge of GABAergic function has advanced beyond the description that GABAA receptors are composed of 19 different subunit subtypes (α 1- α 6, β 1- β 3, γ 1- γ 3, δ , ϵ , π , θ and ρ 1- ρ 3). The scope of the special issue is to bring together original research and review articles on GABAergic signaling on physiological and pathological conditions.

Topics include, but are not limited to:

- GABAA receptor physiology and pharmacology
- GABAergic modulation of the excitatory/inhibitory balance in the brain
- GABAergic signaling in developmental epileptic encephalopathies
- GABAergic signaling in inherited epilepsies
- GABAergic signaling in normal regulation of energy balance
- GABAergic signaling in metabolic disorders
- Therapeutic perspectives of GABAergic signaling

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences, Sez-Biochimica, Faculty of Medicine, Università Politecnica delle Marche, Via Ranieri 65, 60100 Ancona, Italy

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
