Role and Application of Stem Cells in Regenerative Medicine 3.0

Guest Editors:

Prof. Dr. Oriana Trubiani

Department of Medical, Oral and Biotechnological Sciences, University "G. d'Annunzio", Chieti-Pescara, Via dei Vestini, 31, 66100 Chieti, Italy

Dr. Francesca Diomede

Department of Innovative Technologies in Clinical Medicine & Dentistry, University "G. d'Annunzio" Chieti-Pescara, 66100 Chieti, Italy

Dr. Jacopo Pizzicanella

Department of Engeneering and Geology, University "G. d'Annunzio" Chieti-Pescara, 66100 Chieti, Italy

Deadline for manuscript submissions:

closed (31 July 2022)

Message from the Guest Editors

Dear Colleagues,

This Special Issue, "Role and Application of Stem Cells in Regenerative Medicine 3.0", of the International Journal of Molecular Sciences will comprise a selection of research papers and reviews contributing to the evaluation of the aptitude of oral-MSCs in particular and their secretome for tissue regeneration, as a starting point for the fabrication of 3D-living constructs for future clinical applications.

Moreover, in vitro and in vivo studies on the molecular mechanisms involved in tissue regeneration are of interest, since they will provide a possibly important contribution to the development of stem cell-based regeneration strategies and to the identification of key biological regulation processes that remain uncovered.

Keywords

- Mesenchymal stem cells
- Tissue regeneration
- Regenerative medicine
- Immunomodulatory process

Editor-in-Chief

Prof. Dr. Maurizio Battino

Department of Odontostomatologic and Specialized Clinical Sciences, Sez-Biochimica, Faculty of Medicine, Università Politecnica delle Marche, Via Ranieri 65, 60100 Ancona, Italy

Message from the Editor-in-Chief

The International Journal of Molecular Sciences (*IJMS*, ISSN 1422-0067) is an open access journal, which was established in 2000. The journal aims to provide a forum for scholarly research on a range of topics, including biochemistry, molecular and cell biology, molecular biophysics, molecular medicine, and all aspects of molecular research in chemistry. *IJMS* publishes both original research and review articles, and regularly publishes special issues to highlight advances at the cutting edge of research. We invite you to read recent articles published in *IJMS* and consider publishing your next paper with us.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, MEDLINE, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (*Biochemistry & Molecular Biology*) / CiteScore - Q1 (*Inorganic Chemistry*)
