On behalf of the Evaluation Committee, we are pleased to announce the winners of the 2020 *Infrastructures* Travel Awards, which were granted to the following applicants:

2020 TRAVEL AWARDS WINNERS

Mr. Nguyen Van Te Ron, a Ph.D. student from School of Civil and Environmental Engineering, Nanyang Technological University, will attend the Transport Research Arena TRA 2020, 27–30 April, 2020, in Helsinki, Finland to present his paper “How Do Passengers Sense Road Roughness Through Heavy City Bus Dynamics Models?”

Mr. Iván Garrido González is a Ph.D. student in the Applied Geotechnologies Research Group, Mining and Energy Engineering School, University of Vigo. He will attend the 15th Quantitative InfraRed Thermography, 6–10 July, 2020, in Porto, Portugal to present his paper “Combination of Thermal Fundamentals and Deep Learning for Infrastructure Inspections from Thermographic Images–Preliminary Results”.

This was a difficult decision with many high-quality applications for the awards, and we would like to thank all applicants for submitting their diverse and fascinating range of research topics. We congratulate the winners on their accomplishments.
