

## **Advances in Steel and Composite Steel–Concrete Bridges and Buildings**

Guest Editor:

**Dr. Marco Bonopera**

Mechanics, Sound & Vibration  
Laboratory, Department of Civil  
Engineering, College of  
Engineering, National Taiwan  
University, Taipei 10617, Taiwan

Deadline for manuscript  
submissions:

**31 August 2024**

### **Message from the Guest Editor**

This Special Issue aims to gather new, genuine, and detailed contributions and future perspectives in the aforementioned topics. State-of-the-art papers are also welcome. It is our pleasure to invite you to submit your work and share this call for papers with your colleagues. High-quality manuscripts related to (but not limited to) the following topics in steel and composite steel–concrete bridges and buildings are welcome:

- Advanced construction technologies;
- Advanced discrete and finite element modeling;
- Development of design standards;
- Development of high-performance material;
- Laboratory and field investigations;
- Linear and nonlinear analyses of geometric and material properties;
- Monitoring techniques/sensor technologies for deterioration conditions;
- Nondestructive testing methods;
- Progressive collapse performance;
- Serviceability issues under seismic, dynamic, and static loadings, fracture, fatigue, fire, corrosion, etc.;
- Strengthening and repair interventions.

an Open Access Journal by MDPI

## Editor-in-Chief

### **Dr. Pedro Arias-Sánchez**

Applied Geotechnologies Group,  
Department of Natural Resources  
and Environmental Engineering,  
School of Mining Engineering,  
University of Vigo, 36310 Vigo,  
Spain

## Message from the Editor-in-Chief

You are invited to contribute a research article, review or short communication for consideration and publication in *Infrastructures* (ISSN 2412-3811). There is no restriction on the length of the papers. *Infrastructures* is published in open access format. The scientific community and general public have unlimited free access to the content as soon as it is published. *Infrastructures* is supported by the authors by the payment of article processing charges for accepted manuscripts. Please consider *Infrastructures* as an exceptional opportunity to publish your work.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, ESCI (Web of Science), Inspec, and other databases.

**Journal Rank:** CiteScore - Q2 (*Building and Construction*)
