## **Message from the Guest Editors**

Dear participants at the 9th edition of the Scientific Conference of the Doctoral Schools from the "Dunărea de Jos" University of Galați,

We are inviting submissions to a Special Issue of the Invention journal for participants in the 9th edition of the Scientific Conference of the Doctoral Schools from the "Dunărea de Jos" University of Galaţi. The objective of the 2021 Conference is to bring together perspectives and challenges in doctoral research in a common forum. The aim of the conference is to provide a platform enabling doctoral researchers to meet and share state-of-the-art developments in their fields. On this occasion, our institution aims to promote excellence in research, and to set up partnerships and collaborative relationships through the exchange of knowledge and expertise.

All the papers presented in the conference and accepted for publication in this Special Issue will benefit from a 50% discount for the APC.

## **Message from the Editorial Board**

The unique journal *Inventions* is different from all other journals. Many scholars spend their lives publishing research papers in many different journals, but most of these journals do not help scholars collate and analyze their results or assist in promoting them to a relevant industry. However, *Inventions* will help authors not only to publish their papers in the journal, but also to promote their research results to industry and assist them in realizing the purpose of technology transfer. In the future, *Inventions* will help authors to evaluate their technology license fees based on the valuation theory and approaches and also help authors to show their patents and technologies on a network transaction platform.
