Message from the Guest Editors

Dear Colleagues,

This Special Issue focuses on the sustainability of the marine environment. Works related to any type of numerical or mathematical models applied to improving the marine environment are welcome. Contributors are advised to submit papers that fit in to one or more of the subjects indicated below. However, papers that are not directly related to these areas will also be considered in cases of particular interest to this Special Issue.

- Pollutant emissions, reduction, and control
- Sustainability
- Environmental impact
- Marine environment
- Energy
- Numerical models
- Mathematical models
- Computational models

Message from the Editor-in-Chief

The *Journal of Marine Science and Engineering* (JMSE; ISSN 2077-1312) is an international peer-reviewed open access journal which provides an advanced forum for studies related to marine science and engineering. The journal aims to provide scholarly research on a range of topics, including ocean engineering, chemical oceanography, physical oceanography, marine biology and marine geosciences. We invite you to publish in our journal sharing your important research findings with the global ocean community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed with Scopus, SCIE (Web of Science), GeoRef, Inspec, AGRIS, and other databases.

Journal Rank: JCR - Q1 (*Engineering, Marine*) / CiteScore - Q2 (*Ocean Engineering*)
