Dear Colleagues,

As Editor-in-Chief of *Mathematics*, I am pleased to announce the winners of the *Mathematics* Travel Award 2020.

These two Travel Awards are granted to **Quanling Deng**, a postdoctoral research fellow at Curtin University and **Ioannis Dassios**, a postdoctoral research fellow at University College Dublin.

It was a difficult decision with such high-quality applications for the awards, and we would like to thank all applicants for submitting their diverse and fascinating range of research topics. On behalf of the assessment committee, I congratulate the winners for their accomplishments. We are proud to support these two young scientists and wish further success in their career.

Editor-in-Chief
