mathematics

Dear Colleagues,

We are pleased to announce the winners of the *Mathematics* 2022 Outstanding Reviewer Award. The *Mathematics* Editorial Board and Editorial Team would like to gratefully acknowledge the time and energy dedicated by reviewers in checking the manuscripts submitted to *Mathematics*. It is due to their efforts that the high quality of the journal and quick turnaround are maintained.

Prof. Dr. Manuel De La Sen

Department of Electricity and Electronics, Faculty of Science and Technology, University of the Basque Country, Bilbao, Spain
Research Interests: dynamic systems; stability of dynamic systems and stability of differential and difference equations; epidemic mathematical models

Prof. Dr. Takeshi Emura

Biostatistics Center, Kurume University, Kurume, Japan
Research Interests: statistical methods; statistical decision theory; reliability; statistical process control

Prof. Dr. Vladica Stojanović

Department of Informatics and Computer Sciences, University of Criminal Investigation and Police Studies, Belgrade, Serbia
Research Interests: mathematical statistics; applied mathematics; computational physics

Dr. Weizhong Tian

College of Big Data and Internet, Shenzhen Technology University, Shenzhen, China
Research Interests: parameter estimation; cloud computing; multivariate analysis

Dr. Ferdinando Di Martino

Department of Architecture, University of Naples Federico II, Napoli, Italy
Research Interests: image analysis; geographical information systems; fuzzy logic; soft computing

The Prize for Each Winner:

- CHF 500;
- An opportunity to publish a paper free of charge in *Mathematics* in 2023 after peer review;
- A certificate.
