Dear Colleagues,

As the Editor-in-Chief of *Mathematics*, I am pleased to announce the winner of the *Mathematics* 2023 Travel Award. The award has been granted to Paula Triguero Navarro, a PhD student at the Institute for Multidisciplinary Mathematics at the Universitat Politècnica de València in Spain. She will share her research on “Solving Multiple Roots Simultaneously” at the 23rd International Conference Computational and Mathematical Methods in Science and Engineering (CMMSE 2023) in Spain.

2023 TRAVEL AWARD WINNER

As the awardee, she will receive an honorarium of CHF 800 and a certificate.

With so many high-quality applicants, the evaluation process and final decision were challenging. We would like to thank all the applicants for submitting their diverse and fascinating range of research topics. On behalf of the assessment committee, I congratulate the winner on her accomplishment.
