

## Plant Extracts: Biological and Pharmacological Activity—the Second Edition

Guest Editors:

**Prof. Dr. Raffaele Capasso**

Department of Agricultural  
Sciences, University of Naples  
Federico II, 80055 Portici, Italy

**Dr. Lorenzo Di Cesare Mannelli**

Department of Neuroscience,  
Psychology, Drug Research and  
Child Health (NEUROFARBA),  
Pharmacology and Toxicology  
Section, University of Florence,  
50139 Florence, Italy

Deadline for manuscript  
submissions:

**closed (30 October 2023)**

### Message from the Guest Editors

Due to the success of the first edition of the Special Issue “Plant Extracts: Biological and Pharmacological Activity”, we have launched a second edition.

The use of plant extracts in therapy dates back many years. Plant extracts have been commonly used over the years to treat and prevent chronic and acute diseases and promote health. Although many plant extracts have been studied, many others have not. Therefore, a Special Issue on the pharmacology of plant extracts is timely.

This Special Issue aims to provide a comprehensive overview of the latest discoveries in plant extract products with an emphasis on pharmacological activity. We cordially invite authors to contribute original research articles, as well as reviews, that help to unravel the biological activities of naturally occurring products and create opportunities for their future use.

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical  
Biology and Phytochemistry,  
University of Münster,  
Corrensstrasse 48, D-48149  
Münster, Germany

## Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [Reaxys](#), [CaPlus / SciFinder](#), [MarinLit](#), [AGRIS](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (*Chemistry, Multidisciplinary*) / CiteScore - Q1 (*Chemistry (miscellaneous)*)
