Message from the Guest Editors

Dear Colleagues,

The journal *Nutrients* is currently inviting submissions for a Special Issue entitled “Nutritional Considerations for Skeletal Muscle in Health and Disease”.

There is increasing awareness of the role skeletal muscle plays in influencing health and disease. In this Special Issue of *Nutrients*, the critical impact of nutrition on various aspects of skeletal muscle metabolism and the consequences for health and prevention of disease are explored.

Based on your expertise in this field, we think you could make an excellent contribution of either evidence-based original research or a review of the scientific literature.
