submissions:

closed (31 August 2023)

Message from the Guest Editor

Dear Colleagues,

Diet is strongly related to the pathogenesis of cardiovascular disease. In recent years, new data have emerged regarding the association between diet and cardiovascular risk factors, coronary heart disease and ischemic stroke. The aim of the present Special Issue is to discuss the recent data on the relationship between diet and cardiovascular risk. Both reviews and original papers will be considered for publication.

Dr. Konstantinos Tziomalos
