Selected Papers from XXVII Workshop “What Comes Beyond the Standard Models?”: New Trends in Particle Cosmology

Guest Editor:

Prof. Dr. Maxim Y. Khlopov

1. President and Full Professor, Center for Cosmoparticle Physics “Cosmion”, National Research Nuclear University “Moscow Engineering Physics Institute”, Moscow, Russia
2. Virtual Institute of Astroparticle Physics, 75018 Paris, France
3. Principal Researcher, Institute of Physics, Southern Federal University, Rostov on Don, Russia

Deadline for manuscript submissions:

31 December 2024

Message from the Guest Editor

Dear colleagues,

This Special Issue will host selected papers from the XXVII International Workshop “What Comes Beyond the Standard Models?”, which will be held in Bled, Slovenia, from 8th July 2024 to 17th July 2024 (<http://bsm.fmf.uni-lj.si/bled2024bsm/index.html>). Its aim is to present the trends in the exploration of particle cosmology in its studies of particle physics and cosmology beyond the standard models. The article processing charge (APC) for submissions from the workshop will be waived, and publication will be free of charge.

Prof. Dr. Maxim Y. Khlopov
