## Leveraging Advances in ICT Technologies for Life Sciences and MedTech Industries

Guest Editors:

**Dr. Sofoklis Kyriazakos**

BTECH, Aarhus University, 7400  
Herning, Denmark

**Dr. Alexandru Vulpe**

Telecommunication Department,  
University Politehnica of  
Bucharest, Bucharest, Romania

**Dr. Razvan Craciunescu**

Telecommunication Department,  
University Politehnica of  
Bucharest, Bucharest, Romania

Deadline for manuscript  
submissions:

**closed (15 March 2023)**

### Message from the Guest Editors

This Special Issue seeks to bring together the work of scientists, practitioners, innovators and entrepreneurs who are in a position to offer valuable perspectives to this particular research area of advances in ICT technologies for Life Sciences and MedTech industries. Topics of interest include but are not restricted to:

- Gamification for eHealth
- Blockchain and distributed ledger technology in eHealth
- Cognitive computing, natural language processing, and neural networks in eHealth
- Security, privacy, and trust in eHealth
- Reliability and resilience of eHealth systems
- Data science and data curation for eHealth
- Data analytics and decision support for eHealth
- Information and knowledge co-creation
- Ethical and legal aspects in eHealth
- Economic impact of deploying advanced ICT technologies in Life Sciences and medicine
- ...

For this Special issue, we will consider research papers of scientific, practical as well as conceptual nature based on modern methodological approaches as well as reviews. We believe that this Special Issue may help bridge the gap between the research in ICT and the industries of Life Sciences and MedTech.

## Editor-in-Chief

### **Prof. Dr. Vittorio M. N. Passaro**

Dipartimento di Ingegneria  
Elettrica e dell'Informazione  
(Department of Electrical and  
Information Engineering),  
Politecnico di Bari, Via Edoardo  
Orabona n. 4, 70125 Bari, Italy

## Message from the Editor-in-Chief

*Sensors* is a leading journal devoted to fast publication of the latest achievements of technological developments and scientific research in the huge area of physical, chemical and biochemical sensors, including remote sensing and sensor networks. Both experimental and theoretical papers are published, including all aspects of sensor design, technology, proof of concept and application. *Sensors* organizes Special Issues devoted to specific sensing areas and applications each year.

## Author Benefits

**Open Access** : free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility**: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [Ei Compendex](#), [Inspec](#), [Astrophysics Data System](#), and [other databases](#).

**Journal Rank**: JCR - Q2 (*Instruments & Instrumentation*) / CiteScore - Q1 (*Instrumentation*)
