Dr. Eric O. Young

USDA-ARS, Institute for Environmentally Integrated Dairy Management

Dr. Deb P Jaisi

Department of Plant and Soil Sciences, University of Delaware, Newark, DE 19716, USA

Deadline for manuscript submissions:

closed (1 January 2021)

Message from the Guest Editors

We invite papers that address the topic of soil P processes involving transfer and transformation across the landscape, either presenting novel research methods or synergy among non-traditional research fields, a review of existing successes and failures with underlying causes, or data-driven recommendations on the various approaches necessary to mitigate P loss and achieve the tangible goal of improving water quality.
