ParisTech, Université de Paris-
Saclay, Paris, France

Message from the Guest Editors

The aim of this Special Issue of Sustainability is then to highlight recent trends in environmental and resource economics to provide insights for sustainable paths at the global and local scales. Topics include, among others, pollution and greenhouse gas (GHG) emissions, land-use change (including agricultural change, deforestation and urbanization), ecosystem service valuation and nature's contribution to people (NCP), biodiversity conservation and offsetting, and renewable and nonrenewable resource management.

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE](#) and [SSCI \(Web of Science\)](#), [GEOBASE](#), [GeoRef](#), [Inspec](#), [AGRIS](#), [RePEc](#), [CAPlus / SciFinder](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (*Geography, Planning and Development*)
