Message from the Guest Editors

Dear Colleagues,

The International Sustainable Globe Conference 2021 (<https://sustainableglobal.net/>) will be held online from 8 to 10 September 2021 to investigate and share knowledge on the multilayered scopes of education, agriculture, and sustainable communities towards the theme of sustainability for climate action.

Sustainable development is one of the major agendas set forth by governments and non-government organisations around the globe to tackle contemporary and looming issues such as climate or environmental crises. The development of Sustainable Development

Currently, the conference and this Issue focus on the aspects of education, nutrition, rural and urban development, and natural and cultural resources management within the scope of sustainable development goals 2 (zero hunger), 4 (quality education), and 11 (sustainable cities and communities) to tackle the contemporary and looming issues of climate or environmental crises.

The Special Issue will include papers within the conference's theme as well as the notable papers presented at the "Sustainable Globe Conference 2021."
