### Message from the Guest Editors

Dear Colleagues,

The main aim of this Special Issue is to publish high-quality, multidisciplinary research relating to physical activity, health, and sustainability. We are particularly interested in the benefits of physical activity for health (physical and mental) and for a sustainable development. Manuscripts utilising any method are welcome (e.g., epidemiology, evaluation of interventions, reviews, or those of a qualitative nature). All manuscripts will be peer reviewed by experts in the field and should be submitted by 1 June 2021.
