Deadline for manuscript
submissions:

closed (30 November 2022)

Message from the Guest Editor

The purpose of this Special Issue of *Toxics* is to increase the insight on underexplored air pollutants that are affecting human health, either in indoor or outdoor environments.

We are pleased to invite you to submit original research articles, reviews, and short communications that focus on single or complex air pollutants, of natural or anthropogenic origins and their impact on respiratory and immune systems. The articles may span from molecular to epidemiological aspects of the main theme and propose exposure threshold limits for health surveillance purposes.

Research areas related to novel air pollutants may include (but are not limited to) the following:

- Exposome
- Susceptibility profiles
- Mechanisms of toxic action
- In vivo, in vitro and in silico studies
- Field and laboratory approaches
- Emerging toxicity models
- Health impact assessments
- Short- and long-term effects
- Biomarkers of exposure/effects
- Preventive/mitigation strategies for air pollutants exposure

Message from the Editor-in-Chief

Toxics (ISSN 2305-6304) is an international, peer-reviewed, open access journal which provides an advanced forum for studies related to all aspects of toxic chemicals and materials. We aim to publish high quality work that furthers our understanding of the exposure, effects, and risks of chemicals and materials in humans and the natural environment as well as approaches to assess and/or manage the toxicological and ecotoxicological risks of chemicals and materials. Please consider publishing in *Toxics* when preparing your next paper.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [Embase](#), [CAPlus / SciFinder](#), [AGRIS](#), and [other databases](#).

Journal Rank: JCR - Q1 (*Toxicology*) / CiteScore - Q2 (*Chemical Health and Safety*)
